

About us

Trust & Reputation

Introducing our West Australian Team at our state-of-the-art facility.

All Seasons Synthetic Turf is a family owned and operated business. We conscientiously choose to supply 100% Australian Made synthetic lawns, with our industry leading warranties. We are fully committed to a future of sustainability and the world's most innovative synthetic turf products. Our warehouse facility stocks over 45,000sqm of lawns, which means no delays and projects completed on budget and on time. Unlike other companies, where you have to make a decision from a small sample, All Seasons Synthetic Turf have over 250sqm of our landscaping synthetic lawns beautifully displayed at our head office.

Australian Made

Introducing our Victorian/
Eastern states team at our
state-of-the-art facility

Greener · Tougher · Better

From our family owned and operated Victorian branch, we can service the eastern states. For our local customers (we offer the same great service as in Perth), they can choose to have a professional full installation service or for supply only and trade customers, they can use our quick and easy drive through pick-up service. Our synthetic turfs are manufactured locally in Victoria, which means custom stock can be ordered with little delay. Our Victorian facility can hold more than 30,000sqm of our turfs.

All Seasons Synthetic Turf are fully committed to the future of sustainability and supplying the world's most innovative synthetic turfs.

Market Leader Vision

OUR VISION IS TO CONTINUE TO LEAD THE SYNTHETIC TURF INDUSTRY

All Seasons Synthetic Turf works very closely with our highly regarded Australian manufacturer and yarn extruder and invests considerable time and money into research and development. Our innovative products are designed with a sustainable future in mind, for Australia's harsh, diverse climate. Cooler underfoot using proprietary CoolPlus Technology, softer to touch using Australian safe yarns, low sheen and crush resistant using Texturised Yarn Technology. All Seasons Synthetic Turf uses all this technology plus our unrivalled warranty to bring to Australians, their families, pets and businesses, the most natural, coolest and toughest affordable lawns in the world.

FOCUSING ON SUSTAINABILITY

Introducing Australia's first synthetic grass made from sugar cane

Sugar cane is a natural bio-based plant which absorbs carbon dioxide in the air rather than emitting it like other oil-based materials do. Thereby, this Sustainable and Recyclable product reduces the Greenhouse Effect and Global Warming. This premium landscaping solution is made from 60% Renewable Resources and is the latest innovation from our Australian manufacturer. Utilising Green Technology (GT) recently developed for Olympic Hockey Fields, APT have revolutionised the synthetic grass industry with this sustainable solution that gives consumers an opportunity to get their weekend back whilst reducing their carbon footprint.

The future is here

Sugar cane captures CO₂. When it's crushed mechanically, the bi-product is extracted and fermented to produce ethanol. Under heat and pressure, water is removed to create an ethylene gas and is transformed into small polyethylene beads. We then add CoolPlus™ Technology to the beads to keep the product cool and green. The yarn is extruded in our manufacturer's Melbourne factory, making this the world's first environmentally friendly synthetic lawn!

Keep your grass green and the planet healthier by choosing Classic GT from All Seasons Synthetic Turf's Sustainable range

01. Sugar cane captures CO₂
02. Sugar cane is crushed mechanically
03. Extracted bi-product is fermented to create ethanol
04. Under heat and pressure, water is removed to create ethylene gas
05. The gas is transformed into small polyethylene beads
06. The CoolPlus™ Technology is added to the beads to keep the product cool
07. Yarn is extruded in the Melbourne facility
08. Classic GT is the world's first environmentally friendly synthetic lawn!

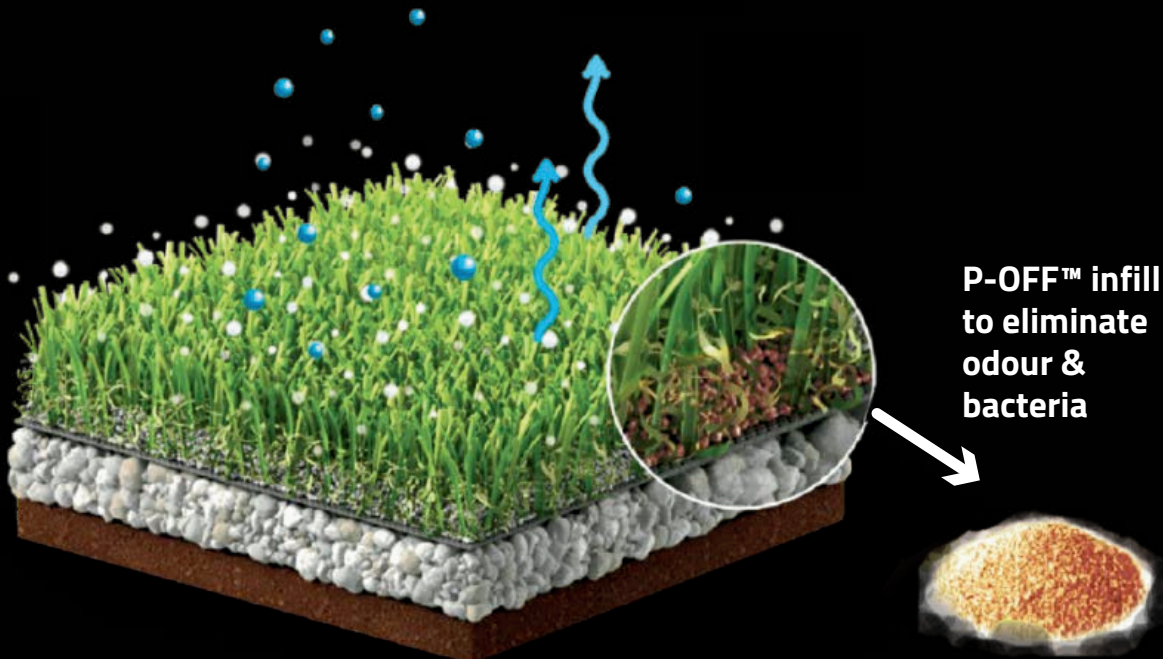

Pet Solutions

Silverback Lawn

Australia's coolest, toughest, safest & most hygienic Pet Friendly Synthetic Turf. Silverback Lawn resists flattening, stays cooler, has little to no shine and offers great drainage. 100% Australian Made with a Lifetime Warranty.

Indoor & Outdoor Options

P-OFF Infill For Pets

Australia's best odour control for synthetic turf. Pet urine is absorbed and broken down by the infill and will provide a fresh smelling lawn year-round.

P-OFF Bio Enzymatic Cleaner

Australia's most economical concentrated synthetic turf cleaner for pet urine. Simply dilute and spray on the lawn, leave for 3-5 minutes then rinse. Can be used on any porous surface.

Choose

All Seasons Synthetic Turf for Your Home or business.

Our Australian made synthetic turf comes with our industry leading warranties which offer you peace of mind and a great return on your investment. AND you will have a gorgeous, low maintenance garden All Seasons of the year!

Find Time

For what matters

As a family owned business, we understand how important it is to spend quality time with your family and friends. With our Australian Made synthetic turf you know your garden is ready to go for any impromptu gathering. Family holidays are a breeze with no worries about returning to a messy, dead, dry lawn, or bills from the lawn mower man.

Serious

About Sport

We're serious about outdoor spaces. You can choose from our extensive Australian Made high performance sporting turfs as used in the last six Olympic Games. Whether it is a premier sporting or educational facility, including basketball, hockey, tennis, golf or your local gym, your sporting space can benefit from our technically advanced surfaces that come in a wide range of colours.

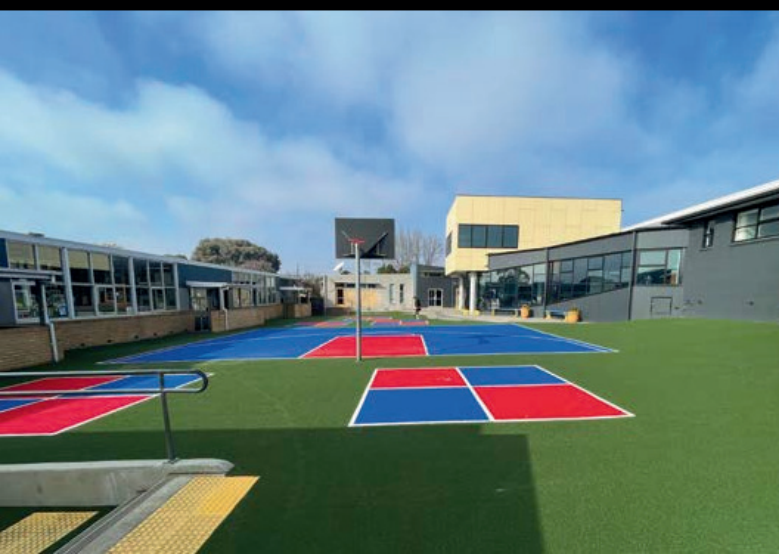

Bringing sport home

Transform your backyard

For the budding sports person we can transform your backyard into a fun-filled, multi-sports area for all the family to enjoy. Whether it is a basketball half court, putting green or any sport of your choice, we can design your area to suit your family's needs.

Education Facilities

Transform your school or daycare facility

All of our turfs are Australian Made using proprietary CoolPlus Australian yarns and come with an industry leading warranty and has the prestigious AS/NZ ISO 9001:2008 certification. This makes our turf the best choice for sports and playgrounds as they are certified 100% safe for children. We are a proud member of Sports & Play Industry Association Limited (SAPIA), which is the peak industry body for sports and recreation construction in Australasia.
