

ENGINEERED TO ENDURE

THE FAMILY

All Seasons Synthetic Turf was proudly founded by the Fellows family: Steve, Sylvia, Tom, and Stix - with a unified vision: to offer Australia's most trusted, premium synthetic turf solutions, built to withstand every season.

As a family-owned business, we are passionately committed to exceptional customer service and innovative products tailored towards Australia's diverse climate.

Choosing All Seasons Synthetic Turf means more than just investing in a top-quality lawn, you're partnering with a family dedicated to excellence, reliability, and personalised care. From your first contact with our team to the final installation of your new turf, we provide attentive, transparent communication and support every step of the way. Our mission is to enhance your outdoor living experience throughout the year, delivering outcomes that truly stand the test of time.

Building on the success and values of All Seasons Synthetic Turf, our family has also developed a range of complementary businesses, including the eco-friendly cleaning product company P-Off, All Seasons Green Walls, and All Sands & Soils, each dedicated to improving outdoor environments in unique and sustainable ways.

OUR VISION

Greener · Tougher · Better

Market Leader Vision

PIONEERING THE FUTURE OF SYNTHETIC TURF

All Seasons Synthetic Turf envisions a world where sustainable living harmonises with superior innovation, premium quality and pet friendly environments to lead the artificial grass industry. Our commitment is to provide synthetic turf solutions to both enhance outdoor and indoor spaces and simultaneously nurture our planet. Through relentless pioneering and eco-conscious practices, we strive to redefine standards when developing our state-of-the-art products through our Artificial Intelligent Grass (AIG), whilst consistently providing excellent customer service.

The future is All Seasons.

POWER OF THE SILVERBACK

AUSTRALIA'S #1 ARTIFICIAL LAWN

Our range of Silverback Lawns products are the toughest, softest, most realistic and most sustainable in Australia. Designed specifically for those with pets & children at home, with a wide range of innovative features to make choosing your new lawn easy, also coming with a lifetime warranty.

AUSTRALIA'S 1ST SYNTHETIC GRASS MADE WITH SUGARCANE TECHNOLOGY

MADE FROM RENEWABLE SUGARCANE TECHNOLOGY, THIS ECO-FRIENDLY TURF OFFERS ALL THE BEAUTY AND SOFTNESS OF NATURAL GRASS, WITHOUT THE MAINTENANCE OR ENVIRONMENTAL IMPACT. IT'S THE IDEAL CHOICE FOR FAMILIES WHO CARE ABOUT SUSTAINABILITY, WANT A CLEANER HOME ENVIRONMENT, AND LOVE THE IDEA OF A LAWN THAT STAYS GREEN ALL YEAR.

-  SUGARCANE CAPTURES CO₂
-  SUGARCANE IS CRUSHED MECHANICALLY
-  EXTRACTED BY-PRODUCT IS FERMENTED TO CREATE ETHANOL
-  UNDER HEAT AND PRESSURE, WATER IS REMOVED TO CREATE ETHYLENE GAS
-  THE GAS IS TRANSFORMED INTO SMALL POLYETHYLENE BEADS
-  THE COOLPLUS™ TECHNOLOGY IS ADDED TO THE BEADS TO KEEP THE PRODUCT COOL
-  YARN IS EXTRUDED IN THE MELBOURNE FACILITY
-  SUGARCANE SILVERBACK IS THE WORLD'S FIRST ENVIRONMENTALLY FRIENDLY SYNTHETIC LAWN!

Built for Mining & Industrial Sites

BUILT TO WITHSTAND THE HARSHTEST CONDITIONS

- UV-stabilised to endure extreme heat and sunlight
- Heavy-duty fibres resist crushing under foot or vehicle traffic
- Drainage systems prevent pooling in high-rainfall areas

MINIMAL MAINTENANCE, MAXIMUM EFFICIENCY

- No mowing, watering, or fertilising ever
- Reduces dust and erosion in high-traffic zones
- Keeps your site looking clean and professional year-round

IDEAL FOR A RANGE OF INDUSTRIAL APPLICATIONS

- Pathways, staff recreation areas, and courtyards
- Entry points, display zones, and event areas
- Custom-fit installations around infrastructure and equipment

 Covalent Lithium

 Barrow Island

 Spinifex Brewery

SERIOUS

ABOUT SAFETY

At All Seasons Synthetic Turf, safety isn't just a feature of our product, it's embedded in everything we do. When we arrive on your site, you can trust that our team is trained, prepared, and committed to meeting the highest safety standards.

Full Compliance with Industrial Safety Protocols

Our installation teams undergo all required inductions, wear full PPE, and strictly adhere to site-specific HSE requirements. We work closely with site managers to ensure full integration with your safety systems.

Job Safety Analysis

Before any installation begins, we conduct detailed Job Safety Analyses and Safe Work Method Statements, tailored to the environment and scope of each job.

Licensed & Qualified Installers

Our staff are trained in working around heavy machinery, utilities, and remote environments. Many hold certifications such as White Cards, Working at Heights, Confined Spaces, and First Aid.

Environmentally Aware Work Practices

We minimise dust disturbance, contain offcuts and waste, and ensure all work areas are clean and safe during and after installation.

Zero Harm Commitment

We operate with a zero-harm mindset—no shortcuts, no compromises. The safety of your workforce and ours is always the priority.

COMMERCIAL GRADE TURF

BACKED BY INDUSTRY STANDARDS

TRUSTED BY INDUSTRY LEADERS

SAPIA Member - Sports & Play Industry Association

**We meet national standards for safety, performance, and resilience.
Ideal for public use areas, childcare, schools, and recreational zones**

CHEAPEST SANDS & SOILS IN AUSTRALIA

At All Sands & Soils, we're committed to bringing premium materials. Approved and used by our parent company, All Seasons Synthetic Turf. Through our journey with All Seasons, we identified a gap in the market for high-quality surface materials suited to both small and large-scale construction projects, including artificial lawn installations. All Sands & Soils was created to meet that need, delivering the same trusted standards and industry-leading service that have made All Seasons Synthetic Turf a nationwide leader.
