THE FAMILY

All Seasons Synthetic Turf was proudly founded by the Fellows family: Steve, Sylvia, Tom, and Stix - with a unified vision: to offer Australia's most trusted, premium synthetic turf solutions, built to withstand every season.

As a family-owned business, we are passionately committed to exceptional customer service and innovative products tailored towards Australia's diverse climate.

Choosing All Seasons Synthetic Turf means more than just investing in a top-quality lawn, you're partnering with a family dedicated to excellence, reliability, and personalised care. From your first contact with our team to the final installation of your new turf, we provide attentive, transparent communication and support every step of the way. Our mission is to enhance your outdoor living experience throughout the year, delivering outcomes that truly stand the test of time.

Building on the success and values of All Seasons Synthetic Turf, our family has also developed a range of complementary businesses, including the eco-friendly cleaning product company P-Off, All Seasons Green Walls, and All Sands & Soils, each dedicated to improving outdoor environments in unique and sustainable ways.

THE JOURNEY SO FAR

From humble beginnings, the Fellows family started the All Seasons journey from their family shed. Since then, the team have opened up three locations: Port Kennedy WA, Wangara WA & Braeside VIC, continuing to expand across Australia, developing 100% Australian made products.

OUR VISION

Greener · Tougher · Better

Market Leader Vision

PIONEERING THE FUTURE OF SYNTHETIC TURF

All Seasons Synthetic Turf envisions a world where sustainable living harmonises with superior innovation, premium quality and pet friendly environments to lead the artificial grass industry. Our commitment is to provide synthetic turf solutions to both enhance outdoor and indoor spaces and simultaneously nurture our planet. Through relentless pioneering and eco-conscious practices, we strive to redefine standards when developing our state-of-the-art products through our Artificial Intelligent Grass (AIG), whilst consistently providing excellent customer service. The future is All Seasons.

POWER OF THE SILVERBACK

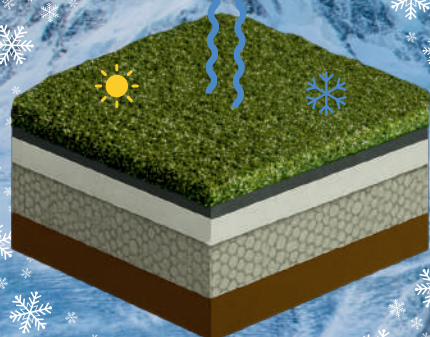

AUSTRALIA'S #1 ARTIFICIAL LAWN

Our range of Silverback Lawns products are the toughest, softest, most realistic and most sustainable in Australia. Designed specifically for those with pets & children at home, with a wide range of innovative features to make choosing your new lawn easy, also coming with a lifetime warranty.

- Cool-Off™ Infill helps reduce surface the temperature of synthetic turf.
- As the turf heats up, moisture in the infill is released.
- This evaporative cooling process removes heat from the surface.
- Especially effective on hot days with direct sunlight.
- Specifically designed to keep synthetic turf cooler in extreme heat.

AUSTRALIA'S 1ST SYNTHETIC GRASS MADE WITH SUGARCANE TECHNOLOGY

MADE FROM RENEWABLE SUGARCANE TECHNOLOGY, THIS ECO-FRIENDLY TURF OFFERS ALL THE BEAUTY AND SOFTNESS OF NATURAL GRASS, WITHOUT THE MAINTENANCE OR ENVIRONMENTAL IMPACT. IT'S THE IDEAL CHOICE FOR FAMILIES WHO CARE ABOUT SUSTAINABILITY, WANT A CLEANER HOME ENVIRONMENT, AND LOVE THE IDEA OF A LAWN THAT STAYS GREEN ALL YEAR.

-  SUGARCANE CAPTURES CO₂
-  SUGARCANE IS CRUSHED MECHANICALLY
-  EXTRACTED BY-PRODUCT IS FERMENTED TO CREATE ETHANOL
-  UNDER HEAT AND PRESSURE, WATER IS REMOVED TO CREATE ETHYLENE GAS
-  THE GAS IS TRANSFORMED INTO SMALL POLYETHYLENE BEADS
-  THE COOLPLUS™ TECHNOLOGY IS ADDED TO THE BEADS TO KEEP THE PRODUCT COOL
-  YARN IS EXTRUDED IN THE MELBOURNE FACILITY
-  SUGARCANE SILVERBACK IS THE WORLD'S FIRST ENVIRONMENTALLY FRIENDLY SYNTHETIC LAWN!

AUSTRALIA'S #1 BIO-ENZYMATIC

-  **SAFE FOR PETS**
-  **REMOVES ODOUR & BACTERIA FROM SURFACES**
-  **USE ON A WIDE RANGE OF SURFACES**
-  **OPTIONS OF 2L, 4L, & 9.5L**
-  **COMMERCIAL GRADE BIO-ENZYMATIC**
-  **PREMIUM INGREDIENTS**
-  **FRESH MEADOW SCENT**

INFILL FOR PETS

P-Off Infill for Pets is a natural mineral infill which is installed on top of your new lawn, replacing sand infill. The ammonia from pets urine can produce a foul-smelling gas, which results in a nasty odour. This will ensure you have a pleasant-smelling garden all year-round.

- 100% natural mineral, mined and made in Australia
- Sourced from one of the world's oldest mineral deposits
- Formed from volcanic ash reacting with alkaline groundwater
- Naturally absorbent, especially effective with pet urine
- Compatible with all synthetic turf types
- Approved by Silverback Lawns™
- Long-lasting only one application needed
- Safe for pets, kids, and the environment

SECURE EDGING

- Proper edging keeps synthetic turf secure and prevents shifting.
- Deters digging and keeps infill contained for a cleaner surface.
- Helps maintain a longer-lasting, well-kept appearance.
- Designed for optimal drainage to reduce odours and simplify clean-up.
- Provides a neat, finished look to your turf installation.
- Ideal for high-traffic pet areas.
- Built for durability and peace of mind.

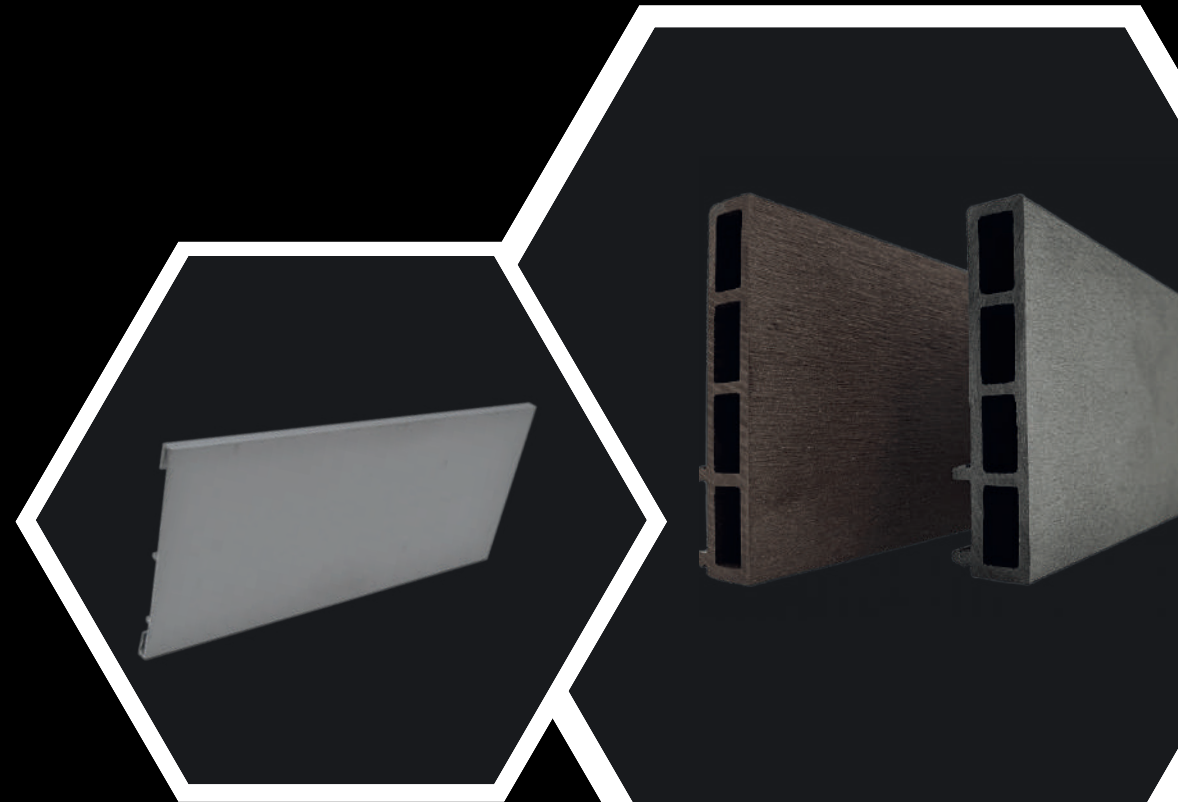

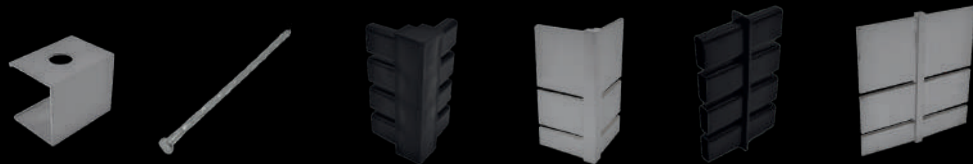

Options of:

Aluminium 80mm

Wood Composite 100mm (Dark Grey & Dark Chocolate)

ADDITIONAL PIECES TO ASSIST WITH YOUR EDGING INSTALLATION

TRADE THE MOWER FOR MEMORIES

SPEND YOUR WEEKENDS MAKING MEMORIES, NOT MOWING.

With our premium, Australian made artificial lawn, it stays pristine. This means very low maintenance needed & no watering, so you can spend your spare time doing what you love.

- **No mowing or edging**
- **No watering or fertilising**
- **Pet & child-friendly with no harsh chemicals needed**
- **Up to a lifetime in warranty**

CHEAPEST SANDS & SOILS IN AUSTRALIA

At All Sands & Soils, we're committed to bringing premium materials. Approved and used by our parent company, All Seasons Synthetic Turf. Through our journey with All Seasons, we identified a gap in the market for high-quality surface materials suited to both small and large-scale construction projects, including artificial lawn installations. All Sands & Soils was created to meet that need, delivering the same trusted standards and industry-leading service that have made All Seasons Synthetic Turf a nationwide leader.
